## Extra Info

Salvatore wil bring his own fx box / DI for the flamenco guitar. We assume a suitable backline amp for the bass guitar is provided, if not, please let us know.

**IMPORTANT:** the two guitars should NOT be equal at accompaniment level. The Acoustic guitar (M.van Gessel) should be down in the mix whereas the flamenco guitar should be clearly audible. Salvatore will increase his volume further for solo's!

For drums / percussion we require:

Bas drum - Shure Beta 52A or similar

Snare - Shure SM58 or similar

Toms - Senheiser MD421 or similar

Overhead - Neuman KM184 or similar

For vocals we require two (2) Shure Beta58 or similar mics.

Directions of our technician ( if present) pertaining to the FOH sound should be followed at all times.

Changes between instruments by Salvatore will be clearly indicated in our set-list.

## Monitor Groepen

Groep	Geluidsmix
Groep1	Group 1: Bass, Percussion, Solo guitar, slight total
Groep2	Group 2: vocals, solo guitar, slight total
